

WEATHER PROBABILITIES.

Weather, August 13, 1875. For the Gulf States, Tennessee, Kentucky, Ohio, etc., warmer and drier or fair weather, with easterly or southerly winds, and no decided change in the barometer. The Ohio river will continue to fall at a moderate rate, but will rise slightly at Paducah. The Mississippi will fall slowly at Cairo and St. Louis, and rise slowly at Memphis, Vicksburg, and Helena.

The market for fresh vegetables and fruits are revealing in free trade, and everything is happy.

The city attorney's decision against paying the city fathers is generally regarded and accepted as a settler of a vexing subject.

The old Washington artillery, of New Orleans, is to be revived, and made ready for service at the Centennial celebration in Philadelphia.

A DISPATCH from Raleigh, North Carolina, last night, says the election for delegates to the constitutional convention took up sixty Democrats, two independent Democrats and fifty-eight Republicans.

MISSISSIPPI is to take part in or be represented at the Centennial in New Orleans. The President certainly did not want it, but he is with so much force and so great a waste of diplomacy.

CITY ATTORNEY WALKER'S opinion on the value of certain city bonds has unsettled the views of a goodly number of financiers who had banked and still bank upon other views. Now if we could only have the opinion of the supreme court to the same effect, our taxpayers would feel easy to the extent of over a million.

SINCE the opening of the privilege-tax books on Wednesday morning last, the merchants have responded very cheerfully; already twenty-nine have paid their license-tax on capital invested, raising thirteen thousand two hundred dollars of the police and fire department warrants. A very satisfactory fact is recorded in that of those who have paid fees were members of the board of equalization. There are now outstanding thirty-five thousand dollars in warrants, which will probably be settled in a few days.

HERE is further evidence of the good results flowing from variety of profit: The Meridian Hunted says it has received an account of some enormous flocks of wood taken from merino sheep in Jefferson county in that State, which weighed as follows: From rams—32 pounds 8 ounces, 29 pounds 27 ounces, 23 pounds 18 ounces, 22 pounds 25 ounces, 21 pounds 8 ounces, 20 pounds 14 ounces, 20 pounds 3 ounces. The Huntsman says: The specimens of wool are fine, almost all of the same length, and will command a fancy price in market.

THE warrants conveyed in the APPEAL from day to day since the rains and floods set in, were not, as some seem to think, useless. The special report from the weather bureau, to-day, says definitely that the river will continue to rise, and that the danger line will be reached to-day or to-morrow. This, with the fact that the danger line above the danger line at Helena, and only nine inches below the danger line at Vicksburg, and still rising, together with the advancing tides flowing out of the Arkansas, White and St. Francis rivers, leaves little hope that the Mississippi side of the river below us will not face as disastrously as was reported of the Arkansas by our special commissioner. At least four are already at work in Mississippi, and the people are not quite so easy in their minds as they were on Saturday, since which there has been rise of nine inches. The loss so far is heavy, some putting it at less than one hundred thousand bales of cotton. This we hope will not prove true, but it is well to be prepared for the worst.

The Charleston railroad company has petitioned the mayor and aldermen to be permitted the right of way through High street to Washington, and thence to the center of the city, and thence to other works as may be necessary in the cheap handling of their freight. The success of the St. Louis packet company, with an elevator that is an ornament to, and perhaps the largest and most creditable enterprise in the city, has stimulated our great southern railroad, desired one of these days to be one of the best packet companies in the river, connecting and all the facilities in the handling of freight in bulk, with commerce nowadays demands and insists upon. We trust the city will grant the prayer of the petition. We know it has not been the policy of the general council hitherto to yield in matters of so great magnitude, but we hope that, remembering the benefits derived by the commercial community from the concession made to the St. Louis packet company, they will grant the petition of the railroad and let us have another elevator that may become the nucleus of a great union depot. The much-advanced and heated Freight company asked for no more than this, and was refused, perhaps because its members were citizens of Memphis; why else never been satisfied. We always believed the Freight company was right, and so believing, we do not hesitate to sustain the Charleston railroad company in a request that is not only reasonable, but the granting of which will insure most beneficially to our city. We must encourage such schemes or prepare to gander.

LONDON, August 12.—Extensive floods prevail in the Channel.

SPRINGFIELD, MASS., August 12.—The flood in Mill river last night, and the overflowing of reservoirs and dams caused great excitement in the valley, and the inhabitants abandoned their houses and fled to the hills. Some of the mills, bridges and roads were being damaged, but no lives were lost.

The damage to bridges has cut off railroad communication between Albany and Boston. Repairs cannot be made until the waters subside.

The American all-glass sailed for home from Liverpool yesterday in the City of Berlin.

KELLY ON CURRENCY.

An Answer to Motion by a Republican Whig in the House of Representatives. About-and-for-Holders Everywhere.

English Paper and His Lectures.—The Republican Whig in the House of Representatives. About-and-for-Holders Everywhere.

INDIANAPOLIS, August 12.—Hon. W. D. Kelley addressed a large audience at the city hall last night, in relation to the question of finance and currency, in response to an invitation from a large number of citizens, respectively of party and of no party. He was warmly received, and his address was listened to with great interest and commiseration. Kelley's address was a large amount of the time devoted to the question of the currency, and he was warmly received, and his address was listened to with great interest and commiseration.

DUNCAN, SHERMAN & CO.

The Great Bank-robbery—Red and Heart-rending Events of its Future—Swindlers Coming to Light.

New York, August 12.—The discovery of the swindlers of the late 1850s, and the identification of Duncan, Sherman & Co. in accommodation paper, in the form of drafts, drawn on them by the swindlers, and which were accepted by them and sold to various banks and note-holders. Of this specie of paper, the swindlers had sold for over three thousand dollars in New York in Providence, where the family of Mr. Duncan has been long and favorably known. The swindlers of the late 1850s, and the identification of Duncan, Sherman & Co. in accommodation paper, in the form of drafts, drawn on them by the swindlers, and which were accepted by them and sold to various banks and note-holders.

A correspondent, writing from Paris, says: Not a half-hour passes that I do not hear of some new swindler, or some new scheme of swindling. The swindlers of the late 1850s, and the identification of Duncan, Sherman & Co. in accommodation paper, in the form of drafts, drawn on them by the swindlers, and which were accepted by them and sold to various banks and note-holders.

AMERICAN SCIENCE ASSOCIATION.

Second Day of the Session of 1875—Papers Read Before the Several Sections and Sub-sections.

Geology and Biology the Favorite Themes with the Detroit Public—Address by Dr. John L. Leconte.

DETROIT, August 12.—The session of the American Association for the Advancement of Science is proving a complete success in everything but members, only one hundred and twenty-five members having responded to their names at roll-call. The citizens of this beautiful city are doing all in their power to make the meeting as pleasant one to all concerned, and there is no doubt but that their efforts will be crowned with success. At the general session this morning, the following papers were read: "On the Geology of the Detroit River," by Dr. J. W. Foster; "On the Geology of the Detroit River," by Dr. J. W. Foster; "On the Geology of the Detroit River," by Dr. J. W. Foster.

THE AMERICAN ALL-GLASS

The American all-glass sailed for home from Liverpool yesterday in the City of Berlin.

The freight company has been brought before the community in a most unfavorable light, and as we believe, seen unjustly accused, especially in the matter of the cablehouse, which our citizens are so anxious to see begun. As we understand from a conversation yesterday with members of the company, they do not desire to be regarded as a work, and one which will give employment to so many, and that it may be plainly understood that they are not, they su-

OHIO AND THEIR TROPICAL RELATIONS.

By E. B. Bland. "Existence of glaciation upon the summit of Mount Washington, New Hampshire," by G. H. Hitchcock. "Notes on the geology of Florida," by George M. Sternberg. "Notes on the aboriginal moose of California," by Lorenz G.

WESTERN UNION TELEGRAPH COMPANY.

NEW YORK, August 12.—The executive committee of the Western Union Telegraph Company, held a meeting last evening, at which the representatives of the Atlantic and Pacific telegraph companies, in a published letter to the company, said that the Western Union company can use to advantage, the Western Union telegraph line, in the next few months, ten thousand miles of additional wires. If these additional facilities can be secured, the company would use them in competition with its cheaper than we can erect them, clearly it would be for our interest to buy the Western Union telegraph line, in the next few months, ten thousand miles of additional wires.

OLD CATHOLIC CONFERENCE.

BONN, August 12.—In attendance at the old Catholic conference, which opened its session here to-day, there are about thirty English and American clergymen, and a number of laymen. The conference is held in the city of Bonn, Germany, and is attended by clergymen and laymen from various countries.
